

Dear Sir or Madam,

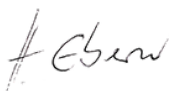

Please find below a QR invoice to make your donation.

On behalf of FSD (Fondation suisse de déminage), I would like to sincerely thank you for your intention to support our humanitarian demining programmes.

Each mine or item of unexploded ordnance cleared represents a potential life saved. Your support enables us to intervene quickly and independently so that women, men and children can return to a safe environment where they can work, cultivate their land and go back to school.

Every donation counts. Your support is essential to continue clearing the land of mines and explosive remnants of war, protecting lives and helping communities to recover.

Thank you!

Hansjörg Eberle,
FSD Director

**Any questions? Our donor relations department
is at your disposal:**
